EXCON.

Re Hague's 102 to Paris December 3, Dept's 460, rptd Vienna 10, Amsterdam and Rotterdam unn.

Only COCOM agreement on handling PC strategic exports to Austria calls for checks on consignee's bona fides, strategic importance of item and needs of Austrian economy for quantities involved (Doc 131).

There is no intl black list in existence at this time. USDEL has never supplied PCs with special Austrian "Watch List" (Doc 397) prepared by Vienna Legation which we understand most PC's use as part of their end-use check procedures. However, there is no (rpt no) COCOM agreement on use of this list nor on treatment to be accorded exports to firms on the list or not (rpt no) on the list.
